SIMPLE & SCALABLE
PROGRAM YOUR
PLAY AMENITIES

Creating a scalable, customized program for your properties makes playground selection simple, flexible and coordinated.

Invest and grow at your own pace.
 Small, medium and large offerings suit a range of budget and site specifications—and can be expanded over time using our integrated play components.

Small

Medium

Include freestanding products in your program offering as optional add-ons to provide owners with flexibility while complementing your core playground design.

How it works

Identify Needs

Are there specific architectural style or color considerations? What size space? How many users? What age ranges? What budget?

Design

We'll design a playground program for maximum coordination and efficiency across your properties—with the size scalability and add-on options you need for maximum flexibility.

Implement

Every business model is different. We'll work with you to develop the best way to share this exciting new opportunity with property owners—flyers, brochures, email, or even web assets. Your dedicated sales rep is available to assist with questions and ordering.

Early Childhood play helps young children ages 5 and under learn and develop physical, cognitive and social skills.

Request the 2016 Buyer's Guide for more Early Childhood playgrounds at Playworld.com/Catalogs.

Fun Centers™
Wonderfully whimsical but designed for fantastical fun. Eight designs and two color palettes available to suit any budget or space.

Activo® Bambino™
Open design with age-appropriate activities provides hours of entertainment for little ones. Four designs available in all colors.

Home Dome
Is it a climber or a play house? It's both! Children can play in, on and around it. Lots of details for added fun. Select from our color palette to customize.

Themed Playgrounds spark imaginations and conversations by providing a familiar play context.

Request the 2016 Buyer's Guide for more Themed playgrounds at Playworld.com/Catalogs.

Nature
Put a forest anywhere and let kids meet up in a "tree-house", explore a jungle, and discover new things.

Nautical
Pirates hunting treasure, pilgrims headed to new lands, or even Noah with a ship full of animals.

Castle
Fairy tales begin here as kids imagine dragons, knights, princesses and ogres in far-away lands.

Classic Playgrounds

combine favorite play activities in new ways with fresh colors and designs.

 Request the 2016 Buyer's Guide for more Classic Playgrounds at Playworld.com/Catalogs.

PlaySimple®

Budget-friendly playgrounds combine favorite activities in 8 configurations. Available in 2 color palettes for easy ordering.

Challengers® & Playmakers®

Select from our predesigned playgrounds or create a custom playground with your local play consultant. Many options available.

Play Fundamentals

These playgrounds offer a variety of activities to fit any space, budget or design aesthetic. Select color palettes available.

Modern Playgrounds with sleek lines and open play paths create a contemporary feel and lots of interaction.

 Request the 2016 Buyer's Guide for more Modern Playgrounds at Playworld.com/Catalogs.

Activo®

Kids work off lots of energy in this open design that packs plenty of play value into a small carbon footprint. Easy to add to existing play areas.

Nuvo™

Rolling curves and swirls add a rounder, more organic look and feel to your playspace with fun climbers, slides, play panels and roofs.

PlayWeb®

Provides challenge and engagement for kids, and a point of interest and differentiation for potential residents. Available in three sizes.

At the heart of Harbour Landing, a dino playground provides a centerpiece of fun, educational play value. It also helps to connect Harbour Landing to the larger surrounding community—organizations such as the Royal Saskatchewan Museum and the Saskatchewan Science Centre have collaborated to create community events in the prehistoric park for children and parents.

It shows how play value drives property value—creating an attractive destination, a point of connection, and most importantly, a thriving community.
